Memperbaiki halaman admin yang error dari seperti ini

```
return (  
  <div className="h-full overflow-auto">  
    <h1 className="text-2xl font-extrabold mb-6 □text-black">Dashboard BBC2</h1>  
  
    <div className="grid grid-cols-1 sm:grid-cols-2 lg:grid-cols-4 gap-6 mb-8">  
      { /* Total Products Card */ }  
      <div className="□bg-white p-6 rounded-lg shadow-md">  
        <div className="flex justify-between items-start">  
          <div>  
            <h2 className="□text-gray-600 font-bold">Total Products</h2>  
            <p className="text-2xl □text-black font-bold">150</p>  
          </div>  
          <Package className="h-6 w-6 □text-blue-600" />  
        </div>  
      </div>  
    </div>  
  </div>  
)
```

```
app > admin > page.tsx > DashboardPage > recentProducts  
1 import React from 'react';  
2 import { Package, ShoppingCart, Users, DollarSign } from 'lucide-react';  
3  
4 const DashboardPage = () => {  
5   // Sample recent products data  
6   const recentProducts = []  
7   {  
8     id: 1,  
9     name: "Adidas Ultraboost 22",  
10    brand: "Adidas",  
11    price: "Rp.625.000",  
12    status: "In Stock"
```
