Membuat link agar saling terhubung dari halaman login admin (forgot password) dan jika diklik akan menuju ke halaman reset password

```
    { /* Remember Me */ }
    <div className="flex items-center justify-between">
  <label htmlFor="remember-me" className="flex items-center text-sm text-gray-700">
    <input
      id="remember-me"
      type="checkbox"
      checked={rememberMe}
      onChange={(e) => setRememberMe(e.target.checked)}
      className="h-4 w-4 text-blue-500 border-gray-300 rounded focus:ring-blue-500"
    />
    <span className="ml-2">Remember me</span>
  </label>
  <a href="/forgot_password" className="text-sm text-blue-500 hover:underline">
    Forgot password?
  </a>
</div>
    { /* Submit Button */ }
```

```
return (
  <div className="min-h-screen bg-gray-50 flex items-center justify-center px-4">
    <div className="max-w-md w-full">
      <button
        onClick={() => window.location.href = '/login'}
        className="flex items-center text-gray-600 hover:text-gray-900 mb-8"
      >
        <ArrowLeft className="w-4 h-4 mr-2" />
        Back to Login
      </button>
```

Menghubungkan link back arrow ke halaman login admin kembali
